CHARACTER PERFORMER INFORMATION

# THOR

Here are examples of how THOR may pose. For photographs, make the guest the center of attention and the main focus of the photo. Notice the placement of his hands and arms in the examples.

## Characteristics

**Thor Odinson** is the [Asgardian](#) God of Thunder, superhero, self-proclaimed protector of [Earth](#) and the king of [Asgard](#). Thor made a name for himself as the mightiest warrior on his homeworld and subsequently became well known for his actions on Earth, which included acting as a founding member of the [Avengers](#). He is the son of the late [Odin Borson](#) and the late [Frigga](#), and the adopted brother of the late [Loki Laufeyson](#).

Thor is the only Avenger of alien origin and one of the most powerful beings in the entire universe. Thor wields the mystical war hammer [Mjölmir](#), which controls the weather, but he himself also has god-like strength, durability and agility.

Thor was the prince of Asgard; until the death of his father, Odin.

**Weapon/Superpower:** Thor has super-strength and is practically invulnerable. He can also control the weather. If all that isn't enough, he carries a hammer so powerful it has to have a name: Mjölmir, pronounced "Me-Ole-Near." The hammer can fire pure thunder energy, but Thor mostly uses it in a more tactile way: By throwing it at people. (Thor can even fly, although only by throwing the hammer into the air and holding on for dear life.)

**Secret Identity:** Ah, and here we reach the other problematic thing about Thor: The question of whether or not he actually *needs* a secret identity. Writer-artist Walt Simonson ditched the Donald Blake character during his epic run on the *Thor* series in the mid-80s, sending Thor off on a series of adventures that emphasized the character's cosmic origins. Since then, Thor has occasionally been bound to human alter egos with appropriately Nordic surnames — architect Eric Masterson, E.M.T. Jake Olson — but it's probably better to think of Thor as just plain Thor.

**Sidekicks:** Last year's *Thor* gave screen time to Fandral the Dashing, Hogun the Grim, and Volstagg the Voluminous, who collectively form the Warriors Three, Thunder God's best buddies and battle mates. Thor is also occasionally joined by warrior woman Lady Sif...

**Love life:** ...and sometimes the Lady Sif is a little bit *more* than a sidekick. However, Thor's most iconic love interest remains Nurse Jane Foster, who became Astrophysicist Jane Foster/

Once “on-stage” or in public view, you should remain in character at all times, paying close attention not to do anything that may be inappropriate. This would include things such as making adjustments to your attire or under garments, touching your face to pick your nose, and so on. Give hugs, hold hands, give pats on the back. Try and refrain from touching people’s faces or playing with their hair (it may be a wig).

When taking photos, use the photos in this document as helpful hints. Get people to pose like you. Get down on a child’s level. For the ladies, always kneel down to a child’s level, rather than bending over.

Please be aware your environment, please DO NOT climb on tables, chairs or any other inappropriate places. Especially if we are Guest in a location. Conduct yourself in a professional manner. You represent Wolfe Mountain.

When taking photographs, please make sure your hands are visible at all times.
